

# Dexion | Clearspan Light Duty Cantilever

## Product overview

Dexion Clearspan Light Duty Cantilever is ideal for storage of long, awkward-shaped or oversized products. This rack is designed to carry lighter loads of up to 1,000kg

A cost-effective solution where products are loaded from the front of the system without any interference from uprights or beams.

Developed to store lengthy goods such as timber, pipe and long bulky items that cannot be palletised and stored in conventional pallet racking systems.

## Key features and benefits

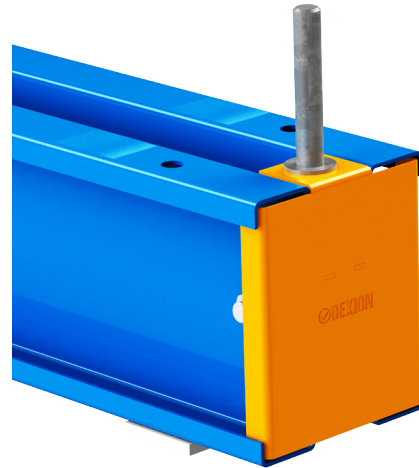

- Quick and easy to assemble for immediate utilisation
- Adjustable cantilever arms with safety uplift to accommodate different heights on each level
- Designed for both indoor and outdoor use which makes it highly functional and versatile
- Hot dip galvanised components available for use in certified outdoor applications to withstand different types of weather
- Removal spigots acts as a stop for storage of loose items such as pipes to prevent goods from rolling off the arms
- Locking pins restrain the arms onto the column to prevent accidents
- Available in single or double-sided options
